EXPERIENCE

Founder & Full-Stack Developer · Golden West Digital July 2025 – Present

Productized web agency for contractor businesses, powered by a custom multi-tenant platform.

- Designed and built multi-tenant SaaS platform on Next.js, TypeScript, and Supabase, with Stripe billing and custom domain provisioning.
- Block-based site builder for rapid templated site delivery.
- Solo operator handling product, development, and go-to-market.

Web Developer · Catalina Home Oct 2023 – May 2025

- Launched two production Shopify storefronts: Artistry Hardwood Flooring (artistryflooring.com) and Lone Mountain Lighting (lonemountainlighting.com), with a B2B Pro program for contractors.
- Customized Liquid themes and built product configurators for variant-heavy SKUs to improve customer conversion paths.
- Set up B2B/wholesale account flow on Lone Mountain with gated contractor pricing tiers.
- Designed user experiences in Figma and shipped responsive themes to production.

Web Developer · Pro Audio Land Jul 2022 – Oct 2023

- Restructured product catalog architecture and redesigned UI to improve navigation and discoverability.
- Designed email marketing campaigns and promotional creative.
- Resolved performance and technical-debt issues on Magento 2 platform.

Founder & Owner · Fashion E-commerce Business Nov 2011 – Sep 2022

- Founded and operated independent online fashion retailer for 11 years across shoes, lingerie, accessories, and costumes.
- Owned the full conversion funnel: paid traffic acquisition (Google Ads, Meta), SEO, email marketing, merchandising, UX, and checkout optimization.
- Managed 15,000+ SKU catalog on a custom-built Magento platform with live inventory sync to eBay and integrated payment, shipping, and fulfillment.
- Handled product photography in-house, customer service, returns, and back-office operations.

Marketing: Graphic Design & Product Photography · American De-Rosa Lamparts (now Luminance Lighting) Jan 2005 – Nov 2011

- Produced product photography for B2B catalog and sales channels.
- Built and maintained 5 brand product catalogs in Adobe InDesign. Early experience managing large structured product datasets.
- Designed print advertising; ads published in hospitality lighting trade publications. Launched the company's first website.
